Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of rule 4.10.3.

² "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

The Company Secretary is accountable to the Board through the Chairman on all matters to do with the proper functioning of the Board. All directors have direct access to the Company Secretary.

Diversity policy

The Company believes that embracing diversity in its workforce contributes to the achievement of its corporate objectives and enhances its reputation. As a result, the Company has developed a diversity policy. It enables the Company to:

- recruit the right people from a diverse pool of talented candidates;
- make more informed and innovative decisions, drawing on the wide range of ideas, experiences, approaches and perspectives that employees from diverse backgrounds, and with differing skill sets, bring to their roles; and
- better represent the diversity of all our stakeholders

The Company is committed to achieving the goals of:

- providing access to equal opportunities at work based on merit; and
- fostering a corporate culture that embraces and values diversity.

Mortgage Choice is an equal opportunity employer and welcomes people from a diverse set of backgrounds. Mortgage Choice has historically displayed a commitment to gender diversity through policies that encourage participation by women in all levels of the business. Examples of these are:

- paid parental leave;
- flexible work practices including the promotion of part time female employees to senior roles; and
- awareness in all employees of their rights and responsibilities in regards to fairness, equity and respect for all aspects of diversity.

The diversity policy includes requirements for the Board to establish measurable objectives for achieving gender diversity, and for the Board to assess annually both the objectives, and the Company's progress in achieving them.

Measurable objectives for achieving gender diversity and the progress toward those objectives are as follows:

- Appoint an executive responsible for achieving gender diversity. The General Manager - Human Resources has assumed responsibility for this function.
- Strive to maintain a fair and balanced level of gender representation in the overall Mortgage Choice workforce. The percentage of women in the Mortgage Choice workforce currently stands at 44%
- Subject to vacancies and circumstances, strive to maintain a fair and balanced level of gender representation in the Executive Management Team. Currently 42% of the Executive Management Team are women.
- Subject to vacancies and circumstances, increase female representation on the Board of Directors. Currently two of the seven Directors on the Board are female.

- is not a substantial shareholder of the Company or an officer of, or otherwise associated directly with, a substantial shareholder of the Company;
- within the last three years has not been employed in an executive capacity by the Company or another Group member, or been a Director after ceasing to hold any such employment;

During the period the Board has considered and affirmed the independence of the Directors that have tenure over 10 years and are described as independent in this Statement.

All Directors are required to complete an independence questionnaire.

Independent professional advice

Board committees and individual Directors may seek independent external professional advice for the purposes of proper performance of their duties.

The nomination committee

The objective of the nomination committee is to help the Board achieve its objective of ensuring the Company has a Board of an effective composition, size and commitment to adequately discharge its responsibilities and duties. The nomination committee is responsible for evaluating the Board's performance.

The nomination committee is also responsible for ensuring that an induction program is established for new directors, and that continuing education programs for directors are developed. These programs are intended to help Directors develop and maintain the skills and knowledge needed to perform their role effectively.

The nomination committee is also responsible for identifying and assessing necessary and desirable competencies and characteristics for future board members. This includes ensuring appropriate succession plans are in place to maintain an appropriate balance of skills on the board.

The nomination committee comprises Vicki Allen (Chairman), Rodney Higgins and Andrew Gale.

The nomination committee charter is available on the Corporate Governance page in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.

Principle 3: Act ethically and responsibly

Codes of conduct

The Company has adopted a corporate code of conduct that applies to all employees and sets out its legal and other obligations to key stakeholders including shareholders, franchisees, employees, customers and the community.

The Company has also adopted a code of conduct for Directors and senior executives setting out required standards of behaviour, for the benefit of all shareholders. The purpose of this code of conduct is to:

- articulate the high standards of honesty, integrity, ethical and law-abiding behaviour expected of Directors and senior executives;
- encourage the observance of those standards to protect and promote the interests of shareholders and other stakeholders (including franchisees, employees, customers, suppliers and creditors);
- guide Directors and senior executives as to the practices thought necessary to maintain confidence in the Company’s integrity; and
- set out the responsibility and accountability of Directors and senior executives to report and investigate any reported violations of this code or unethical or unlawful behaviour.

The Company requires that its Directors and senior executives adhere to a share trading policy that restricts the purchase and sale of Company securities to three six-week periods following the release of the half-yearly and annual financial results to the market, and the Annual General Meeting.

The Company has also adopted a Supplier Code of Conduct to ensure that suppliers adhere to the same ethical standards expected of the Company in its business dealings. The Supplier Code of Conduct also proscribes a set of minimum standards for doing business with the Company.

Copies of the corporate code of conduct, the code of conduct for Directors and senior executives, the share trading policy and the Supplier Code of Conduct are available on the Corporate Governance page in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.

Principle 4: Safeguard integrity in corporate reporting

The audit and risk committee

The audit and risk committee provides advice and assistance to the Board in fulfilling the Board’s responsibilities relating to:

- financial reporting;
- the application of accounting policies;
- business policies and practices;
- legal and regulatory compliance; and
- internal risk control and management systems.

The objectives of the audit and risk committee are to:

- oversee and monitor the integrity, quality, credibility and objectivity of the financial accountability process;
- oversee the establishment and implementation of the Company's risk management and internal control systems and monitor and review the soundness of those systems;
- provide oversight of the Company’s Risk Management Framework and Risk Management Appetite;
- promote a culture of compliance and risk-taking within approved appetite; and

- provide a forum for communication between the Board and senior financial and compliance management.

The audit and risk committee comprises Andrew Gale (Chairman), Dharmendra Chandran, Sean Clancy and Peter Higgins.

The audit and risk committee charter is on the Corporate Governance page available in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.

External auditor

The Company has adopted procedures for the selection and appointment of the external auditor which are available on the Corporate Governance page in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.

The audit and risk committee will regularly review the performance of the external auditor and consider any ongoing appointment.

The external auditor should rotate the senior audit partner and the audit review partner every five years with suitable succession planning to ensure consistency.

The external auditor should not place itself in a position where its objectivity may be impaired or where a reasonable person might conclude that its objectivity has been impaired. This requirement also applies to individual members of an audit team. The credibility and integrity of the financial reporting process is paramount. The Company has adopted guidelines on external auditor independence. These guidelines help to ensure a consistent approach to the appointment and review of external auditors.

The Company will not give work to the external auditor likely to give rise to a “self-review threat” (as defined in Australian Professional and Ethical Standards APES110, The Institute of Chartered Accountants in Australia and CPA Australia). It is the policy of the external auditors to provide an annual declaration of their independence to the audit committee.

The external auditor is requested to attend the Annual General Meeting of the Company.

Corporate reporting

The Board receives written declarations from the CEO and the Chief Financial Officer (**CFO**) in relation to the half-year and full-year that, in their opinion, the financial records of the Company have been properly maintained and the financial statements are prepared in accordance with the relevant accounting standards and present a true and fair view of the financial position and performance of the consolidated group. These declarations also confirm that this opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.

Principle 5: Make timely and balanced disclosure

Continuous disclosure

The Company has adopted a market disclosure protocol. The objective of this protocol is to:

- ensure the Company immediately discloses information that a reasonable person would expect to have a material effect on the price of the Company’s securities to ASX in accordance with the ASX Listing Rules and the Corporations Act 2001 (Cth);
- ensure officers and employees are aware of the Company’s continuous disclosure obligations; and
- establish procedures for:
 - the collection of all potentially price-sensitive information;
 - assessing if information must be disclosed to ASX under the ASX Listing Rules or the Corporations Act 2001 (Cth);
 - releasing to ASX information determined to be price-sensitive information and to require disclosure; and
 - responding to any queries from ASX (particularly queries under Listing Rule 3.1B).

The protocol is carried out through a market disclosure committee comprised of management representatives.

The market disclosure committee is responsible for:

- ensuring compliance with continuous disclosure obligations;
- establishing a system to monitor compliance with continuous disclosure obligations and this protocol;
- monitoring regulatory requirements so that this protocol continues to conform with those requirements;
- monitoring movements in share price and share trading to identify circumstances where a false market may have emerged in company securities; and
- making decisions about trading halts.

All relevant information provided to ASX will be posted on the Company's website, www.mortgagechoice.com.au, in compliance with the continuous disclosure requirements of the Corporations Act 2001 (Cth) and ASX Listing Rules.

Principle 6: Respect the rights of shareholders

Communication with shareholders

The Board aims to ensure that shareholders are informed of all major developments affecting the Company's state of affairs. The Board will:

- communicate regularly and effectively with shareholders;
- give shareholders ready access to balanced and understandable information about the Company and its corporate goals; and
- make it easy for shareholders to participate in general meetings.

Shareholders may elect to receive communications from, and send communications to, the Company and its share registry electronically.

Information is communicated to shareholders through ASX announcements, the Company's annual report, the Annual General Meeting, half and full year results announcements and the Company's website, www.mortgagechoice.com.au.

The notices of meetings and the accompanying explanatory materials are posted on the website for each Annual General Meeting. The Chairman's and the CEO's addresses, proxy counts and results of shareholder resolutions at the meeting are also posted on the website after their release to the ASX.

This year, in light of the COVID-19 pandemic and government restrictions, the Company will hold a virtual AGM to encourage shareholder participation at the meeting. Shareholders will be able to vote live and ask questions during the meeting.

As recommended by the 4th Edition Recommendations all resolutions in the Notice of Meeting are put to a poll in the Annual General Meeting.

The Board has adopted a communications strategy to facilitate and promote effective communication with shareholders and encourage participation at general meetings. The arrangements Mortgage Choice has to promote communication with shareholders are set out in the "Investor Centre" section of the Company's website at www.mortgagechoice.com.au.

Principle 7: Recognise and manage risk

The Board through the audit and risk committee is responsible for setting the risk appetite, overseeing the Company's risk management and internal compliance and control systems.

Given the size and the nature of its operations, Mortgage Choice does not have a formal internal audit function. Instead, Mortgage Choice divides responsibility for internal audit activities between management and the audit and risk committee. The audit and risk committee regularly assesses the adequacy of the internal risk control system through the external auditors.

Compliance functions exist in both the broking business and the financial planning business (the latter of which is externally resourced). These functions undertake regular and comprehensive audits and reviews of our credit representatives pursuant to our Australian Credit Licence and our authorised representatives under our Australian Financial Services Licence (AFSL).

During the 2020 financial year a specialist legal firm, Holley Nethercote were engaged to conduct a review of the Company's compliance with its obligations as the holder of an Australian Credit Licence. Holley Nethercote produced a report on the broking business' relevant obligations. The report provided a number of recommendations which are being considered and where appropriate being implemented in light of the size and scale of the Company.

The Board believes that a sound risk management framework should be aimed at delivering improved business processes and procedures across the Group which are consistent with the Group's strategic objectives.

Risk Management Framework and Appetite Statement

The Company has adopted a Risk Appetite Statement (**RAS**) and a Risk and Opportunity Management Framework (**ROMF** or **Framework**).

The purpose of the RAS is to:

- set out the level and type of risk that Mortgage Choice is willing to seek and/or accept;
- set out the boundaries outside of which Mortgage Choice is not prepared to venture in the pursuit of its strategic and business objectives;
- align Mortgage Choice stakeholders through a consistent view of the risk parameters within which the business operates;
- link the acceptance and management of Mortgage Choice's risks to its strategic and business objectives; and
- set out the process to review the risks on a regular basis in conjunction with strategic plans and business actions taken in changing environments.

The ROMF has been designed to articulate:

- the organisational view and objective of risk management;
- policies and procedures that support the framework; and
- the Framework's role in supporting the organisation's vision and strategy.

The Framework seeks to encourage risk and opportunity taking and sets out a reporting structure determined on a Risk Appetite threshold basis.

The risk and control procedures designed by Mortgage Choice are core to the implementation of the Framework. The key principles that govern the process are as follows:

- Risk and control assessment is performed in the first line of defence, challenged and reviewed by the second line of defence. The Company Secretary who reports to the Board performs this role.
- Top down risk and control assessment is performed by the Board on an annual basis or when there is a major change to the risk profile.

Compliance policy and program

The compliance policy is a commitment to:

- promote a culture of compliance throughout the Company and franchise network;
- create an understanding of the relevant laws at all levels;
- minimise the possibility of a contravention of the law and manage any legal risk;
- enhance the Company's corporate image and customer service; and
- market, promote and sell the Company's services in a way that is competitive, ethical, honest and fair, and in compliance with the law.

The Company has developed and implemented a compliance program. The aim of the program is to promote a culture of compliance through a number of measures including staff and franchise network training, compliance procedures, support systems and the appointment of staff responsible for compliance.

The centrepiece of the program is a web based compliance education and evaluation tool which covers the key legislative and regulatory obligations applicable to the business. Each major regulatory area (Trade Practices, Privacy, Equal Opportunity, Occupational Health and Safety, Technology, Franchising, National Consumer Credit Protection Act) is covered. All staff are required to complete all modules and must repeat the program at prescribed intervals. The program has also been rolled out to the franchise network.

The Company expects its employees, franchisees and representatives to actively support its compliance program. It is each employee, franchisee and representative's responsibility to make use of the training systems and support offered by the Company. Non-compliance with the law or failure to comply with the compliance program will not be tolerated and could result in disciplinary action.

Economic, environmental and social sustainability risks

The Company operates as a financial services organisation offering financial choices and advice across Australia and is therefore exposed to the economic sustainability risks such as economic cycles and interest rate movements as other companies operating in the financial sector. Economic sustainability risks are identified as part of the Risk Management Framework and strategies and controls developed to minimise their impact.

The Company does not have any material exposure to environmental or social sustainability risk, and is not subject to any significant environmental regulation under a law of the Commonwealth or of a State or Territory in respect of its activities.

During the 2020 financial year the Company has taken steps to minimise social risks including introduction and training in respect of Whistleblower rights and obligations and the introduction of a framework to address modern slavery within its supply chain.

Principle 8: Remunerate fairly and responsibly

The remuneration committee

The remuneration committee is responsible for determining and reviewing compensation arrangements for the Directors and senior executive.

The objective of the remuneration committee is to help the Board achieve its objective of ensuring the Company:

- has coherent remuneration policies and practices to attract and retain executives and Directors who will create value for shareholders;
- observes those remuneration policies and practices; and
- fairly and responsibly rewards executives and other employees having regard to the performance of the Company, the performance of the executive or employee and the general and specific remuneration environment.

The remuneration committee comprises Sean Clancy (Chairman), Vicki Allen, Rodney Higgins and Sarah Brennan.

The remuneration committee charter is available on the Corporate Governance page in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.

Information about the Company’s remuneration policies and practices for non-executive Directors, the CEO and other senior executives, and their remuneration during the 2020 financial year, are set out in the Remuneration Report on pages 17 to 32.

Share Trading Policy

As noted in “Principle 3 – Act ethically and responsibly”, the Company has a separate share trading policy. The policy prohibits directors and key management personnel of the Company from entering into hedging or other arrangements that operate to limit their exposure to risk in relation to any unvested or vested Mortgage Choice securities which have been allocated under an incentive scheme operated by the Company. Any breach of this prohibition risks disciplinary sanctions, including dismissal in serious cases.

The share trading policy is available on the Corporate Governance page in the “Investor Centre” section of the Company’s website at www.mortgagechoice.com.au.
