Financial Services Guide

About this Financial Services Guide

This financial services guide ("Guide" "FSG") is designed to help you get to know Mortgage Choice Financial Planning and your Adviser ("we", "us", "our") a little better, decide whether you would like to take advantage of any of our financial services, and explain how much you can expect to pay for those services.

Specifically it contains information about:

- Who we are and the financial services we offer
- Fees, commissions, charges and other benefits that may be paid to us
- Associations and relationships that might influence the advice we give you
- The collection and handling of your personal information
- What to do if you have a concern or complaint about our service

The Guide is in two parts. This document is Part 1. A separate document providing information about your Adviser, the advice process, the Approved Product List (APL), as well as the fees and charges, is contained in Part 2. It is wise to read both carefully.

About Mortgage Choice Financial Planning

Mortgage Choice Financial Planning Pty Limited ("MCFP") is a wholly owned subsidiary of Mortgage Choice Limited – a brand Australians have known and trusted for more than 25 years.

MCFP holds an Australian Financial Services Licence that authorises MCFP to operate a financial services business and provide you with personalised financial solutions.

Our goal is to help you achieve financial security by providing real, relevant and results-driven financial advice. We plan to do this by:

- Offering a transparent and consistent pricing structure so you know exactly what you'll get for your money
- Keeping it simple and using jargon-free, plain language
- Helping you work out the advice you need now – whether it be a single need or a full financial plan – and being there to help as your needs change in the future
- Keeping you on track to achieve your goals and helping you protect what you're building along the way
- Not being controlled by a financial institution, so we can offer you investment products that have been selected after external third-party research

MCFP Financial Advisers

MCFP Advisers are passionate, qualified professionals. MCFP applies stringent recruitment standards, and all of MCFP's financial advisers are required to meet the standards set out by the Financial Adviser Standards and Ethics Authority (FASEA), and have solid financial planning experience. MCFP continually assesses the quality of the advice they deliver against MCFP's best practice checklist.

Whether you are just starting out on your financial planning journey, or require advice on a complex portfolio, we can offer solutions tailored to your personal circumstances that will help you achieve your financial goals.

Your Adviser can stay on top of any lifestyle or goal changes and evaluate opportunities for new strategies and investment options, with the objective of providing you with the right advice, at the right time, so you can have more of the things you want today and in the future.

Will you give me advice which is tailored to my financial circumstances and needs?

Absolutely. In order to do so however, our Advisers need to conduct a detailed analysis of your overall financial situation (this includes personal needs, lifestyle objectives and detailed financial information) before we recommend any investment or strategy to you. You have the right not to divulge any information to us, if you do not wish to do so. In that case, we are required to warn you about the possible risks and consequences of us not having your full personal information.

How will I receive the advice?

The financial advice we provide you will be explained in a 'Statement of Advice' (SoA). It's a blueprint for you to follow that takes into account your objectives, financial situation and needs. It will detail the basis on which the advice is given plus outline any fees, commissions, benefits and associations relevant to the provision of the advice.

If we subsequently provide you with further advice within the scope of our original SoA, we may not provide you with a new Statement of Advice. In this case we will retain a Record of Advice (RoA) detailing the advice given. You may request a copy of the RoA at any time up to 7 years from the date we gave the further advice to you.

Whenever we recommend a financial product (other than securities) we will give you a copy of the relevant Product Disclosure Statement (PDS). This is a document that sets out key information about the specific financial product including characteristics, benefits, risks and fees payable. It will also outline any premium, entry fee or management fee that we may receive from the product provider. We recommend that you read any PDS we give you as it will help you make an informed and confident investment decision.

What should I know about the risks of the financial strategies or products you recommend to me?

We will explain any risks associated with the financial strategies and products we recommend. If you feel at all uncomfortable about the possible risks, please feel free to ask us more questions and for further explanation and detail. Remember, it's your financial strategy, and you do not have to accept the strategies or products we recommend.

Can I tell you how I wish to instruct you to buy or sell my investments?

You may specify how you would like to give us instructions, for example by telephone, fax or email. However we need your written consent (signature) to authorise a transaction.

It is important that you take extra care to provide accurate information when authorising us to act on instructions via email. We are under no obligation to act on any instructions which are incomplete or unclear. If your instructions are incomplete or unclear, we may seek verification of your instructions via a phone call or further email correspondence.

We will not be liable for any costs, expenses, loss or damages you may suffer or incur in conjunction with any action taken or omitted by us in following an email instruction.

What personal information of mine do you hold and can I see this?

We maintain a record of your personal profile including details of your objectives, financial situation and needs. We also keep records of any recommendations made to you.

We assure you that we will hold your information securely according to the MCFP Privacy Policy, which is available on our website <https://www.MortgageChoice.com.au/legal/privacy-policy/>. You will receive a copy of our Privacy Statement together with this FSG.

You may access the information we hold about you at any time by calling our Privacy Manager on (02) 8907 0444 or emailing privacy@mortgagechoice.com.au.

How do you get paid for your services?

We charge a fee for service for providing financial advice tailored to your individual situation. After your initial meeting with us, which is at our expense, you may decide to go ahead with the next stage, which includes researching, developing and preparing your personalised advice and recommendations.

Any fee to be charged for the preparation of advice will be discussed and agreed with you prior to you incurring that fee. Your Statement of Advice and the relevant PDS of each product we recommend will outline the fees and remuneration that apply.

If you require an ongoing review of your financial planning strategy, the fee for this ongoing service is based on the complexity of ongoing advice and the services provided.

We will keep you fully informed on any costs you may be facing at every stage.

Details of fees, or range of fees, are listed later.

Do you receive any other benefits?

To assist in the provision of regular product training, professional development and ongoing technical training, including updates in relation to financial products for our Advisers and support staff, MCFP has developed formal relationships with many financial product providers.

Each year we invite leading financial product providers to participate in our educational program. They contribute various amounts of up to \$88,000 (including GST) used solely to support MCFP's annual Professional Development Conference, regular Professional Development Days and for the education and training of advisers to meet regulatory and quality control standards. The level of support is unrelated to our support of any specific financial product.

It is important to note that the inclusion of a product or service on our recommended list is not influenced by any program as we subscribe to external product research and all products are individually assessed on their own merits.

Will anyone be paid for referring me to you?

If you have been referred to us, we may pay the referrer a fee. We'll tell you about any referral fees we've paid in your Statement of Advice.

Our process

When you meet with us, we will walk you through a five step advice process:

1. Discovery

We'll meet with you to really understand your current financial position, as well as help you identify your financial and lifestyle goals. Together we'll determine the areas where you may need our help, and your first meeting is on us!

2. Research

If you choose to go ahead with the advice, we'll do all the necessary research and develop your personalised financial plan.

3. Approval to proceed

We'll meet with you to present your plan and discuss our recommendations. You will get a Statement of Advice confirming the recommendations in writing.

4. Implementation

Once you are comfortable with your plan, we'll put it into action.

5. Review

Ongoing advice is also available, where we will continue to manage your strategy and meet with you at least annually to keep you on track to achieving your goals.

Fees & charges

Investment & superannuation

We will charge a fee for service for providing investment and superannuation advice regarding your situation, with these fees directly payable to MCFP. The following outlines how the fees will be calculated.

Initial Advice

We will charge a fee for service of usually between \$660 and \$8,800 for your initial advice which includes research, strategy development, Statement of Advice preparation and the implementation of any recommendations. Any fees charged may vary depending on the complexity of the advice provided and will be agreed with you prior to commencement.

Ongoing Service Fee

We will determine with you the ongoing service package you require to ensure the appropriate management of your strategy to meet your goals and objectives. The fee for this ongoing service is based on the complexity of ongoing advice and the services you require. Your Adviser will discuss these fees with you and obtain your agreement on the amount and the method of payment.

We offer a number of Ongoing Service Packages with the general range per package being \$1,650 per annum up to \$5,460 per annum.

In some cases fees may be deducted monthly, quarterly, semi-annually or annually from your client account.

In addition to the above, we will charge a fee for service for providing any cashflow coaching access via our MoneyTrack platform. The DIY package starts at \$330 per annum or for the Adviser to provide the coaching service up to \$1,320 per annum.

Details of the services provided within the Ongoing Service Packages are contained in the Statement of Advice (SoA) and the Client Service Package Agreement. The ongoing service fee is reviewed annually and subject to a minimum CPI increase.

Dealer Service Fee

An additional Dealer Service Fee of up to 0.11% of Funds Under Management is charged by MCFP on platforms that allow an equivalent Dealer Service Fee to be charged. This fee is retained in full by MCFP to fund ongoing technical training of the MCFP advisers and the external technical expertise required to enhance the recommended investment models. Fee Calculation: If you had \$20,000 in your platform account, the fee (excluding cash balances) would be \$22 per annum.

Hourly Fee

If you haven't committed to an Ongoing Service Package, we can provide a review of your existing strategy for an hourly fee of up to \$330 per hour. Prior to providing any additional service we will advise you as to whether an hourly fee will apply.

Insurance

Initial Advice

We will charge a fee for service between \$850 and \$2,250 for providing insurance recommendations, with these fees directly payable to MCFP.

Commission

Initial Commission

Insurance products generate an Initial Commission, calculated on the value of the first year's premium of between 0% and 77%. This commission is paid to MCFP by the product provider and is not a direct cost to you.

Ongoing Commission

Insurance products generate an Ongoing Commission, calculated on the renewal premium paid of between 0% and 33%, for as long as you hold the product. This commission is paid to MCFP by the product provider and is not a direct cost to you.

Note: Exact fees, charges and commission applicable to the advice provided to you will be included in your Statement of Advice.

Referrals

Mortgage Choice Ltd Franchises will receive a maximum of 10% of the Initial Insurance Commission received and/or a maximum 10% of the Initial Advice Fee received. Total referral fees payable are capped at \$750 per client group. All relevant referral fees will be detailed in your Statement of Advice.

MCFP utilises research from external research houses to establish a list of preferred financial products. In providing advice to you MCFP Advisers can only recommend products from this Approved Product List.

The MCFP Investment Committee, along with representatives from our external research house, meets at least 8 times per annum to review the MCFP approved product list. The MCFP Investment Committee is responsible for the investment philosophy of MCFP, determining long term strategic asset allocation, review of performance of investment options on the APL and ensuring that the Approved Product List is able to meet the various needs of our clients given a variety of potential economic and investment scenarios.
